

“Things to Watch for in Your Overnight or Day Camp Dog”

Sore Pads

Canines that are unaccustomed to running, jumping and sliding on rough terrain may get sore and abraded pads. This will go away as their pads become thicker. Applying a pad wax before arriving can help. This type of product can usually be purchased at any pet supply store.

Sore Muscles

Canines will most likely run and play enough at Canine Country Club that they may experience muscle soreness. Overtime this will fade as your canine becomes more conditioned. Bringing your canine regularly and exercise at home will help.

Exhaustion

A day of interaction with other dogs can be very stimulating & exhausting physically and mentally. Expect your canine to need rest after such a big day. Also, your canine may experience loose stool after so much excitement, but this should return to normal as they become accustomed to all the activity.

Enthusiasm

Your canine may not be excited at first to enter the pack but will grow to love it and be very excited upon arrival, as it is natural for dogs to be together.

Wet, Muddy or Dusty Dog

Because your canine will be playing outdoors and the weather changes the condition of the play yard, expect your canine to need some grooming when you get home. Even in the summer we play in the water, so all year long your canine will probably get dirty. Just remember your canine will have a blast doing it!

Minor Scrapes

During all the excitement of playing with other dogs it is possible a canine may receive a minor cut or scratch. Your post visit grooming is a good time to check your canine over.

Stickers & Burs

In the natural environment of the play yards, your canine might encounter stickers and burs, be sure to check feet, tails and tummies thoroughly upon arriving back at home.

Happy Dog

At pick-up time, you will see a wagging tail and maybe even a smile on your canine's face saying, "thank you" for bringing me to Canine Country Club!

What to Bring for Overnight Stay: *(Label all Personal Items)* *Dogs must have Collar or Harness*

Bedding

We **Provide Raised Beds** with soft bedding. You may bring one small Blanket or t-shirt that has your scent on it for your pet. No dog beds please. We wash everything daily with Bleach so be sure your Blanket or t-shirt will be ok. We have very limited space so please no dog crates. All Cats must arrive and depart in a carrier.

Shot Records

You must provide a copy of your pets Vaccinations. Vaccinations must be given far enough in advance to be effective. **All Vaccinations need to be administered by Veterinarian.** **Bordetella** "Kennel Cough", **DHP-PV** "Distemper, Parvo, Hepatitis and Parainfluenza" and **Rabies**. Please bring the vaccination record with you before or during admission of pet(s) or we will not be able to admit your pet.

Food

We Provide Food, Lamb and Rice, Kirkland Brand. You may bring your pets own food, bring only enough for your pets visit with an extra day in case you are delayed. Large zip-lock bags work great! We have food dishes (stainless steel), so you do not need to bring any dishes. You are welcome to bring something for your pet to chew on and treats.

Medication

Written instructions with pet name, medication name, dosage and reason for medication. We do no give Injections.

Sweater

Some small dogs benefit from a sweater or jacket in cooler weather.
